

3 Point Hitch

SwaleKing™

REVOLUTIONARY PATENTED LANDSCAPE BLADES

The patented SwaleKing™ is a set of independently adjustable landscape blades that make cutting swales easier.

Save time & money adding swales to your landscape job!

The Right Angle.

Adjustable blades mean cutting the swale in less time than other conventional equipment. In addition to raising, lowering and tilting the blades, using a multi-function control system, the blades can be angled and each blade can be rotated up to 30 degrees relative to the other.

3-in-1 Blade.

SwaleKing is a multi purpose box scraper, angle blade and swale maker.

Skid Steer Attachment

Mounting plate included

Think outside the box.

Swaleking adds a new level of capability to skid steers. It's virtually the only attachment you will need for complete landscaping, making your skid steer multi-functional.

FEATURES

- Fully assembled on one pallet
- Precision grading and leveling
- 0-30 degree independent blade angle
- Rigid tubular steel frame
- Gusset reinforced box scrapper
- Dual reversible cutting edges
- Category 1 & Quick Hitch
- 3 position replaceable scarifier hook
- Full coverage center shield
- 1 year warranty
